

SENIOR DATA ANALYST

Collaboration | Empowerment | Innovation | Integrity | Passion

CHANGEWORKS.

**Collaboration,
empowerment,
innovation, integrity
and passion are the
values which shape
our behaviours
and actions.**

Dear candidate,

I am Marjan van de Weg, Principal Consultant – Data here at Changeworks, and I'm delighted you're considering coming to join us on our mission to decarbonise Scotland's homes.

You would be joining us at a very exciting time for Changeworks. Building on our 35 years of experience in delivering high-impact solutions for low-carbon living, our new strategy will see us grow and scale up our work. This role will play a key part in delivering this vision.

Our Consultancy team is dedicated to delivering innovative solutions that drive decarbonisation in our communities. Our commitment to excellence, paired with a forward-thinking approach, has established us as a trusted partner for a diverse range of clients.

We are seeking a passionate and proactive individual to contribute to the development and delivery of high-impact projects aligned with Changeworks' ambition to decarbonise homes and deliver a just transition to net zero.

As a Senior Data Analyst, you will conduct research and support action-focused projects cutting across a range of clients and topics related to the decarbonisation of homes in Scotland. Deploying your data management, analysis and visualisation skills, your outputs will help inform direct delivery by Changeworks as well as our external clients.

The successful candidate will be tasked with the following objectives and goals:

1. **Strategy:** Contribute to the identification of opportunities for impact aligned with Changeworks' strategic goals and values
2. **Development:** Contribute to the development of a pipeline of impact-focused income-generating services and project
3. **Delivery:** Contribute to the on-time delivery of high-quality services and projects, managing projects as required
4. **Effective Leadership:** Demonstrate leadership by example
5. **Client & Partners:** Contribute to growing Consultancy / Changeworks' network via partnership development and dissemination activities

Dependent on experience, an offer may be made to the successful candidate at the Data Analyst, grade with the opportunity to develop into a Senior Data Analyst.

At Changeworks, we recognise that our success is driven by the talent and dedication of our team. We offer a dynamic and inclusive work environment that encourages professional growth and development. If you are a technical consultant with a passion for making a meaningful impact, we invite you to apply for this exciting opportunity.

Kind regards,

Marjan van de Weg
Hiring Manager

- Some travel and overnight stays may be required
- All of the above responsibilities will be reviewed and modified as necessary through consultation with their line manager and the Head of Consultancy

WHO WE ARE

Changeworks has been leading the way in delivering high impact solutions for lowcarbon living for over 35 years. We work with government, local authorities, housing associations, businesses, community groups and individuals to make it happen.

We work for a positive low-carbon reality for everyone, ensuring a just transition for all towards a green economy and society. This will require a sustainable low-carbon society that seeks to reduce the scourge of fuel poverty. Tackling inequalities is core to this mission, as is addressing high levels of emissions among the most well off.

While we believe that individual actions to reduce emissions do make a difference, this action must be dramatically and radically scaled up to avert disaster in the time we have left.

Our commitment to a just transition ensures that we are developing and delivering solutions to benefit all sectors of society, including a focus on those who are suffering from fuel poverty.

We have a strong track record of:

- ▶ Working in partnership with others
- ▶ Building trust and engagement with communities to inspire action
- ▶ Researching and piloting new services
- ▶ Scaling delivery to reach more people
- ▶ Openly sharing our knowledge and expertise
- ▶ Technical and practical experience in the development and delivery of home decarbonisation

Collaboration, empowerment, innovation, integrity and passion are the values which shape our behaviours and actions.

OUR PEOPLE

At Changeworks, we really value our talented and diverse people. That's why we do everything we can to be a supportive and positive environment that allows them to do their very best for the people we work with. We understand the importance of work-life balance and being flexible. Hybrid working is now the norm for the majority of our staff, with strong flexible working policies to allow you to work in the way that best suits you.

Staff wellbeing is a key priority for us, with a dedicated staff group promoting wellbeing and supporting staff across Changeworks and continually improving what we offer. The more supported and happy staff feel, the more successful we can be at achieving our mission. And in our annual staff satisfaction surveys, they tell us they feel it too – the latest survey found that nearly 86% of staff felt supported by the organisation, 89% agreed that they approve of the company culture, and 88% are proud to work for Changeworks.

We also provide good opportunities for progression and development, with a dedicated learning and development strategy to help you meet your personal goals – more on that later. Many of our staff stay at Changeworks for the long term, able to develop their careers and find new avenues for their passion and talents.

In 2021 we achieved Investors in People Platinum, the highest level of that accreditation. Only a handful of other employers in Scotland have this, and only 2% of IIP members worldwide.

OUR IMPACT

When you join Changeworks, you're joining an organisation with a long track record of achieving big things.

Through our work with individuals, households, businesses and other organisations, we prevent hundreds of thousands of tonnes of carbon from damaging our fragile planet every year.

In 2020-21, our work meant a reduction of £2.2 million in people's heating and electricity bills, and over 3,000 measures installed in homes to improve energy efficiency.

That means helping people like Sheila Charters. A Borders resident, Sheila had her heating on for around 10 hours a day because she couldn't keep the heat in her home.

As part of delivering a Scottish Government scheme in the area, we were able to work with her to have external wall insulation installed. Not only did this refresh the outside of her home, it meant she only needed the heating on for an hour or so a day, reducing her bills and her emissions.

Our fuel poverty advice service also changes lives. Lives of people like Angus, who ended up with an estimated energy bill of over £1000. With us advocating to his supplier on his behalf and forcing an investigation, the bill was reduced to just £150.

We also worked with him to make sure he was on the best tariff and using his energy efficiently, all adding up to a saving of over £1200.

We remove over 200,000 tonnes of lifetime carbon every year.

Hear more about the difference we make.

Jay Scott
ICT Support Technician
6 years at Changeworks

“ Changeworks offers an excellent culture along with a great work-life balance. Each day I feel empowered to help my colleagues deliver excellent projects to benefit people across Scotland. ”

OUR GROWTH

Here's the best news: there's never been a better time to join Changeworks.

The climate emergency is the biggest threat to life as we know it. We need to scale up the action we're taking to avert disaster, and Changeworks is leading the way.

We have ambitious plans to grow as part of our new strategy launched in 2022. Last year we added more new staff than ever before and we aren't slowing down. Our services will continue to expand as we work to decarbonise hundreds of thousands of homes across Scotland.

We want you to grow too. We believe passionately in learning and development for our staff, helping you to develop your skills and achieve your full potential. We invest heavily in learning and development, offering training wherever we can to upskill our people.

With partners like the Social Enterprise Academy we offer regular opportunities for training, and regular one-to-one meetings and annual appraisals offer regular chances to discuss your development.

Now more than ever, we need to expand our efforts to drive change and push towards Scotland's Net Zero targets. If you come and join us on that journey, we know it will be a rewarding one.

Our finances and staff numbers will almost double between now and the end of our new three-year strategy.

Hear more about the future of Changeworks.
