

ENERGY ADVISOR

Collaboration | Empowerment | Innovation | Integrity | Passion

CHANGEWORKS.

Collaboration,
empowerment,
innovation, integrity
and passion are the
values which shape
our behaviours
and actions.

Dear candidate,

I'm Claire Clayton, Advice Team Manager at Changeworks, and I'm delighted you're considering coming to join us on our mission to decarbonise Scotland's homes.

You would be joining us at a very exciting time for Changeworks. Building on our 35 years of experience in delivering high-impact solutions for low-carbon living, our new strategy will see us grow and scale up our work. This role will play a key role in that.

We have Energy Advisors across multiple teams in the Delivery Directorate. We have two Home Energy Scotland teams, one located in South East and one located in Highlands and Islands and our Community Engagement and Energy Advice Services (CEEAS) team who deliver targeted fuel poverty programmes across Scotland, this means you could have a base of either our Inverness or Edinburgh office.

As an Energy Advisor in the Home Energy Scotland (HES) teams you will be at the forefront of the energy advice conversation with households in Scotland providing free and impartial advice that empowers householders to make informed decisions that improve their energy efficiency, change their behaviours and take action to install renewable technologies. Our Energy Advisors are experts in providing energy efficiency, behaviour change advice and advice on funding options available through Scottish Government.

The Community Engagement and Energy Advice Services team work on projects in partnership with housing associations, local authorities and other energy partners to alleviate fuel poverty and deliver a just transition to Net Zero. Advisors provide advice and support with fuel debt, billing and provide advocacy support with energy suppliers. They help people adopt energy efficient behaviours and reduce condensation dampness, give advice on low carbon technologies and renewable energy systems, and help vulnerable householders holistically by signposting for further support.

Together, as a directorate, we have the power to make a difference and we are keen for you to join us and contribute. Our success, put simply, means warmer and more comfortable homes for people in Scotland

I look forward to meeting you and talking more about our vision, and how you can fit in.

Kind regards,

Claire
Hiring Manager

The application process

Application deadline	11am, Thursday 24 July 2025
Interview date	Week commencing 28 July 2025
Interview location	In person, Edinburgh Office, Inverness Office or Online via Microsoft Teams

For an informal discussion about this job	Claire Clayton (claire.clayton@hi.homeenergyscotland.org)

Job Description

Job title	Energy Advisor (Delivery)
Job reference	EA
Salary and grade	A3 Point 15 to 18 (£23,366 to £24,993 per annum, based on 35 hour working week) + 8% employer pension contribution
Location of job	Edinburgh or Inverness (hybrid of home and office working) or Remote working depending upon organisational need.
Hours and terms	37.5 hours per week for HES SE team. 35 hours per week for HES H&I, CEEAS teams. Full time or Part time hours will be considered
Holiday terms	26 days + 9 public holidays per annum, pro rata.

General terms and conditions

- You may need to undergo a Disclosure Scotland check depending on the requirements of the post. Depending on the nature of any convictions that may be disclosed, Changeworks reserves the right to terminate employment with or without notice.
- Regular working hours for this role are likely to be between the hours of 9am to 6pm. However, out of hours working and weekend working will be required, for which time off in lieu will be given.
- The post holder may be asked to participate in training sessions at either the Edinburgh or Inverness office, or, depending on the needs of the team, at another location in Scotland. This could involve overnight stays.
- All of the responsibilities outlined below will be reviewed and modified as necessary through consultation with line managers.

Responsible to	Team Manager
Purpose of the job	To provide quality energy advice and information to householders across Scotland. With training, helping empower

	<p>householders to tackle the climate emergency, whilst also supporting those in or at risk of fuel poverty.</p> <p>Advice will be provided on a range of energy related topics, including but not limited to:</p> <ul style="list-style-type: none"> • Energy efficiency and behavioral advice in the home • Home decarbonisation and low carbon technology • Fuel billing and fuel debt • Water Efficiency • Other energy related advice <p>Advice and information will be provided in variety of different settings, including but not limited to:</p> <ul style="list-style-type: none"> • Telephone advice • Digital advice – By email, text message, webchat, video call, social media or other non-specified methods. • In person advice in a range of different settings. <p>To undertake administrative duties related to the delivery of advice and information and in support of colleagues.</p>
Main objectives and goals	<ol style="list-style-type: none"> 1. Provide relevant energy advice and information to domestic householders which enables them to take action. 2. Provide a consistently high standard of service throughout the customer journey. Meeting the contractual requirements of delivery. 3. To undertake administrative duties related to the delivery of advice and information or in support of colleagues. Capturing and recording key data to support the delivery, management and effectiveness of the service and to aid customer experience 4. General tasks

1. Provide tailored, impartial energy advice and information to domestic householders which enables them to take action.

- Provide relevant advice on a range of energy efficient behavioural topics to empower and support householders to implement advice relevant to their situation.
- Provide advice on energy efficiency measures, including low carbon technologies to help householders understand the benefit and impact of these.
- Assist and advise householders on how to understand and manage energy bills.
- Provide advice on other energy or sustainability related topics specified by funders, for example (but not limited to) Water Efficiency, Carbon Monoxide Awareness.
- Assess eligibility, and provide information on funding, grants and services that householders may be eligible for. (E.g. for energy efficiency measures or fuel debt support.)
- Where applicable, make high quality referrals in line with our contractual requirements. This will include internal referrals to services offered by Changeworks teams as well as external referrals to other agencies and referral/project partners.
- Champion various Scottish Government energy efficiency schemes and have a comprehensive understanding of their terms and conditions.

2. Provide a consistently high standard of service throughout the customer journey. Meeting the contractual requirements of delivery.

- Provide quality advice across multiple communication channels, specified by funder/contractor requirements. This could include but is not limited to; telephone advice (incoming telephone calls, outbound calls following inbound referrals, outbound call campaigns to existing customer base), digital advice (email, text message, webchat, video call, social media or other non-specified methods) and in person advice in a range of different event settings.
- With Training, be able to adapt approach as appropriate to suit the householder and their circumstances. This role will engage with a wide range of demographics.
- Collect and record data from householders about them, their homes and their circumstances. Update CRM database with accurate and relevant information.
- Manage customer data safely and securely to ensure compliance with GDPR and internal policies, including when at external events. Where relevant, providing reassurance to householders about how their data will be stored and used.
- Ensure that individual targets are met, and excellent customer service is maintained.
- Adhere to the quality assurance standards of the role, ensuring that advice and data is being recorded and delivered in line with any contractual requirements.
- Adhere to processes and procedures.
- Represent the service professionally and positively, engage with new customers at events and deliver energy advice face to face.
- Be responsive and open to a coaching culture along with regular feedback.

3. To undertake administrative duties related to the delivery of advice and information or in support of colleagues. Capturing and recording key data to support the delivery, management and effectiveness of the service and to aid customer experience

- Responding to enquiries received from householders, organisations and referrers in a timely and professional manner. Enquiries may be received via several routes, both digital and non-digital. This is currently via referral portals, emails, and inbound telephone calls.
- Collect and coordinate any post coming into the team, scanning documents, and sending onto other team members as appropriate.
- Issuing of customer follow up communications or advice by email or post.
- Work with other team members to ensure you have the materials and equipment that may be required for events.
- Input customer data from face-to-face activities, new referrals or voicemails into the CRM in an accurate and timely manner.

4. General tasks

- Led by supervisors and leaders, maintain an accurate and up to date knowledge of the Energy Advisor role.
- Apply best practice with regards to health and safety requirements to ensure the safety of both the public and staff at events.
- Give short presentations and briefings to increase awareness of the advice services in a range of settings. (e.g. colleagues, partner organisations etc)
- Assist in coordination of and attendance at community and partner events to facilitate

face-to face advice and represent the relevant service.

- Following internal processes and guidance to ensure requirements for various accreditations and standards are being set and adhered to. This currently includes Scottish National Standards for Advice and Information Providers and both ISO 9001 and ISO 4001 standards but is subject to change and business requirements.
- Other non-specified administrative support as determined by managers, this could include ad hoc reporting or spot checking of records.

Key contacts

- Householders
 - The post holder will be in frequent contact with low income and vulnerable householders, carers and support workers.
- Changeworks - Home Energy Scotland Team, Affordable Warmth Services Team, Project Management Team, Low Carbon Communities Team.
- Energy Saving Trust, Home Energy Scotland Team and Service Delivery Team
- Warmworks
- Staff at statutory and voluntary agencies, and registered social landlords, local authority housing officers.
- Referrers from other third sector organisations
- Other Changeworks projects or teams.
- Funders, partners and other project stakeholders.

Mandatory training/qualifications associated with this role:

- City and Guilds in Energy Awareness
- Home Energy Scotland advisor induction programme (Only applies to Home Energy Scotland roles)

Special conditions

- Occasional out-of-hours, overnight stays and weekend working may be required, for which time off in lieu will be given.
The job description is illustrative only; other duties appropriate to the post may be added in consultation with your manager.

WHO WE ARE

Changeworks has been leading the way in delivering high impact solutions for lowcarbon living for over 35 years. We work with government, local authorities, housing associations, businesses, community groups and individuals to make it happen.

We work for a positive low-carbon reality for everyone, ensuring a just transition for all towards a green economy and society. This will require a sustainable low-carbon society that seeks to reduce the scourge of fuel poverty. Tackling inequalities is core to this mission, as is addressing high levels of emissions among the most well off.

While we believe that individual actions to reduce emissions do make a difference, this action must be dramatically and radically scaled up to avert disaster in the time we have left.

Our commitment to a just transition ensures that we are developing and delivering solutions to benefit all sectors of society, including a focus on those who are suffering from fuel poverty.

We have a strong track record of:

- ➡ Working in partnership with others
- ➡ Building trust and engagement with communities to inspire action
- ➡ Researching and piloting new services
- ➡ Scaling delivery to reach more people
- ➡ Openly sharing our knowledge and expertise
- ➡ Technical and practical experience in the development and delivery of home decarbonisation

Collaboration, empowerment, innovation, integrity and passion are the values which shape our behaviours and actions.

OUR PEOPLE

At Changeworks, we really value our talented and diverse people. That's why we do everything we can to be a supportive and positive environment that allows them to do their very best for the people we work with. We understand the importance of work-life balance and being flexible. Hybrid working is now the norm for the majority of our staff, with strong flexible working policies to allow you to work in the way that best suits you.

Staff wellbeing is a key priority for us, with a dedicated staff group promoting wellbeing and supporting staff across Changeworks and continually improving what we offer. The more supported and happy staff feel, the more successful we can be at achieving our mission. And in our annual staff satisfaction surveys, they tell us they feel it too – the latest survey found that nearly 86% of staff felt supported by the organisation, 89% agreed that they approve of the company culture, and 88% are proud to work for Changeworks.

We also provide good opportunities for progression and development, with a dedicated learning and development strategy to help you meet your personal goals – more on that later. Many of our staff stay at Changeworks for the long term, able to develop their careers and find new avenues for their passion and talents.

In 2021 we achieved Investors in People Platinum, the highest level of that accreditation. Only a handful of other employers in Scotland have this, and only 2% of IIP members worldwide.

OUR IMPACT

When you join Changeworks, you're joining an organisation with a long track record of achieving big things.

Through our work with individuals, households, businesses and other organisations, we prevent hundreds of thousands of tonnes of carbon from damaging our fragile planet every year.

In 2020-21, our work meant a reduction of £2.2 million in people's heating and electricity bills, and over 3,000 measures installed in homes to improve energy efficiency.

That means helping people like Sheila Charters. A Borders resident, Sheila had her heating on for around 10 hours a day because she couldn't keep the heat in her home.

As part of delivering a Scottish Government scheme in the area, we were able to work with her to have external wall insulation installed. Not only did this refresh the outside of her home, it meant she only needed the heating on for an hour or so a day, reducing her bills and her emissions.

Our fuel poverty advice service also changes lives. Lives of people like Angus, who ended up with an estimated energy bill of over £1000. With us advocating to his supplier on his behalf and forcing an investigation, the bill was reduced to just £150.

We also worked with him to make sure he was on the best tariff and using his energy efficiently, all adding up to a saving of over £1200.

We remove over 200,000 tonnes of lifetime carbon every year.

Hear more about the difference we make.

OUR GROWTH

Here's the best news: there's never been a better time to join Changeworks.

The climate emergency is the biggest threat to life as we know it. We need to scale up the action we're taking to avert disaster, and Changeworks is leading the way.

We have ambitious plans to grow as part of our new strategy launched in 2022. Last year we added more new staff than ever before and we aren't slowing down. Our services will continue to expand as we work to decarbonise hundreds of thousands of homes across Scotland.

We want you to grow too. We believe passionately in learning and development for our staff, helping you to develop your skills and achieve your full potential. We invest heavily in learning and development, offering training wherever we can to upskill our people.

With partners like the Social Enterprise Academy we offer regular opportunities for training, and regular one-to-one meetings and annual appraisals offer regular chances to discuss your development.

Now more than ever, we need to expand our efforts to drive change and push towards Scotland's Net Zero targets. If you come and join us on that journey, we know it will be a rewarding one.

Our finances and staff numbers will almost double between now and the end of our new three-year strategy.

Hear more about the future of Changeworks.
